

MITCHELL VOTES TO PRESIDENT AND ROASTS COAL BARONS.

SAYS HIS MEN WERE INSULTED AT CONFERENCE.

WASHINGTON, Oct. 17.—The response of John Mitchell, president of the United Mine Workers, to President Roosevelt's notification that he had appointed a commission was made public today.

It informs him of the action of the executive boards of districts 1, 7, and 9 in calling a convention and agreeing to recommend unanimously the resumption of work and the submission of the differences between the operators and the mine workers of the anthracite coal fields to the commission. The reply expresses confidence that the convention will agree to the arbitration of the eminent and impartial men chosen by the President and expresses gratitude to the President for his patriotic efforts to bring about an honorable settlement of the strike.

Grievances of the miners and coal operators are set forth in the reply, with the expression of the hope and belief that from this arbitration will come a complete, satisfactory and permanent solution of the troubles which have vexed the anthracite field from time immemorial.

LETTER TO THE PRESIDENT.

Following is the text of President Mitchell's communication:

"WILKESBARRE, Pa., Oct. 16, 1902.—To His Excellency, President of the United States, Washington, D. C.—Dear Sir: I am in receipt of your telegram of October 16th, which reads as follows: 'I have appointed as commissioners Brigadier-General John M. Wilson, Mr. E. W. Parker, Judge Geo. Gray, Mr. E. E. Clark, Mr. Thomas H. Watkins and Bishop John L. Spalding, with Hon. Carroll D. Wright as recorder. These names are accepted by the operators and I now most earnestly ask and urge that the miners likewise accept this commission. It is a matter of vital concern to all our people and especially to those in our great cities who are least likely to feel that the mining of coal should be resumed without a day's unnecessary delay.'

"Will call a convention.

"Replying thereto I beg to inform you that your representatives were admitted to the executive boards of districts 1, 7 and 9, United Mine Workers of America, and they have unanimously agreed to call a convention to be held next Monday and will recommend to the convention that all men now on strike return to the positions and work in the places formerly occupied by them and submit to the commission appointed by you all questions at issue between the operators and mine workers of the anthracite coal fields. In connection with the subject we are glad to know that the managers of the coal companies have decided to recede from the untenable position which they so long occupied and to accept a modified proposition for the arbitration of the coal strike and to give you full latitude in the selection of a commission. It will be remembered that we proposed a similar arbitration but the whole matter was referred to a tribunal of your own selection. It will also be remembered that the company, at that time refused to accept the arbitration of the President of the United States and preferred that of the local common pleas judges. We proposed to leave everything without condition or reservation having the utmost faith in your impartiality and good judgment.

COULD AVOID STRIKE.

"If our proffer of arbitration or impartial investigation had been accepted six months ago instead of now there need have been no strike. We have been so eager, Mr. President, to respond to the people's demand for coal that during the progress of the strike we have more than once offered arbitration but we have invariably been met with the reply, 'We will not permit outsiders to dictate to us in the management of our own affairs. We have without condition or reservation accepted this commission. It is a matter of vital concern to all our people and especially to those in our great cities who are least likely to feel that the mining of coal should be resumed without a day's unnecessary delay.'

WILL CALL A CONVENTION.

BOARD OF TRADE IS IN FAVOR OF THE NEW RAILROAD.

The Board of Trade this morning passed the following resolutions:

"Whereas, The said San Francisco Terminal Railway and Ferry Company has applied to the City Council of the city of Oakland for a franchise for a steam railroad and has further brought a private right of way through a portion of the route selected by it in order to gain an entry into the city of Oakland; and

"Whereas, More than two-thirds of the owners of the property along the route by said company have petitioned the City Council to grant such franchise; and

"Whereas, It is the sentiment of the citizens of Oakland as expressed by numerous petitions that said franchise be granted; and

"Whereas, We believe that the construction of such a railroad and the establishment of such ferry system will be of great benefit to our city; therefore

"Resolved, That we, the Oakland Board of Trade, do hereby endorse and approve the efforts of said railway company to secure an entrance into the city of Oakland, provided proper measures are taken for the safety of the traveling public and that public interests be properly safeguarded; with the welfare of the city of Oakland in mind, we further urge all members of the City Council of the city of Oakland to grant the franchise applied for by said company as soon as possible.

"Resolved, That a copy of this resolution be sent to each member of the City Council of the city of Oakland, to the Mayor of the city of Oakland, to the City Clerk of the city of Oakland, to the City Attorney of the city of Oakland and to the Board of Public Works of the city of Oakland.

"R. H. CHAMBERLAIN,
"Vice-President.

"Attest: Edwin Stearns, Secretary."

CONFIDENCE MEN FLEECE A STRANGER

As a result of a meeting with three clever confidence men, Cecil Burns, a young man of Toronto, Canada, and lately returned from Alaska, is out just now, while the police of the bay cities are looking for the operators who swindled the young man.

According to the story told the police, young Burns had just arrived in San Francisco with a pocket full of money and with a letter to "see the sights." He expressed it. Last Wednesday afternoon Burns took a trip out to the Cliff House to see the seals. While returning on the electric car a stranger seated himself beside the young man and entered into a conversation in which he made the fact apparent that he also was a stranger in the city with a desire to see all that was doing.

Before the car had entered Market street the pair were inseparable, and it was at the suggestion of his new found friend that Burns and he made a visit to a certain museum in San Francisco to see a certain exhibit. Then the supposed stranger suggested that they visit Oakland and attend a night that was scheduled to take place that night. Burns did not care for such affairs. He was evidently prevailed upon to cross the bay, however, and in company with the stranger Burns came to Oakland.

While seated on the broad gauge train the stranger "happened" to find a small lock on the floor of the car. He showed it to Burns, and the latter while handling it pressed a spring and the lock opened. The stranger then put the lock in his pocket and the pair departed from the train at Broadway station. They walked about the town until in the vicinity of Fourteenth and Broadway the stranger accosted a man and asked him where the night was to take place.

Stranger number two directed them and at the same time threw open his coat and displayed a policeman's star. Then he stated that it was too late for the night and suggested that they go to a certain

FORGIVES COAL BARONS.

"We forgive them their arrogant refusal to deal with us and in this hour when they are forced to acknowledge their inability to operate their mines without our consent and co-operation we hold the right hand of friendship and ask them to join with us in securing amicable relations and wholesome conditions in this nation. We forgive them even the false accusations which they have made against us. They charged us with being criminals, rioters and anarchists, and our organization they denounced as 'lawless and irresponsible.' They know and did know that their charges were untrue and without foundation in fact. They knew that every officer of the United Mine Workers of America from the President down has constantly urged upon its members the imperative need of respecting the law; that every man who commits a deed of violence is an enemy to our cause has been our watchword.

"Despite these admissions, supported with all our influence, there have been a few crimes committed by misadventurers chargeable to those on strike. But, Mr. President, we make the unqualified declaration that the imported guards and law and order the company's coal and iron police, have committed more unprovoked murders during this strike than can be charged to the great army of men who have been in idleness for the past five months.

INSULTED THE GUESTS.

"We have repeatedly and in language not susceptible of misconstruction condemned transgressions of law on the part of those on strike. We challenge the coal companies to point to one public gathering where they have insulted or injured a guest. We have repeatedly and in language not susceptible of misconstruction declared that it was unfair and unmanly for the coal road presidents to insult us while we were your guests and charge our organization with responsibility for acts of lawlessness during the strike. It would be just as logical to charge the American Army in the Philippines with being an army of murderers, robbers and thieves because a few crimes were committed by soldiers there. Until the millennium there will be crimes in every community and that public interest is to be better and no worse, among the half million people dependent upon us in the coal fields as is everywhere in our country.

PRETENSE OF THE BARONS.

"The pretense of the operators that they were unable to produce coal because intimidation kept from work men who were willing to work, has been proved by the coal road presidents' declaration which they demanded has decreased rather than increased the number of men mining coal. A hundred thousand men are being operated and two new stations have been opened during the year in India.

"The total amount of money raised by the United Mine Workers of America last year was \$128,000.

**LARGE ATTENDANCE AT THE
OMAHA CONVENTION THIS
MORNING.**

OMAHA, Oct. 17.—Nearly every seat in the Coliseum was filled when the first business session of the convention of the Disciples of Christ opened this morning.

The convention proper was opened with an address by Mrs. J. S. McIntyre of Nebraska, who said the present convention was the largest in the history of the denomination.

Reports were then heard. Mrs. Atkinson's report of the general board showed that 119 missionary pastors and seventy-one other missionaries were being supported by the Women's thirty mission schools, with 3,000 pupils are being operated and two new stations have been opened during the year in India.

SANTA MARIA, Cal., Oct. 17.—On the Harlow ranch near Los Berros, Samuel Miller, a well known resident of Santa Maria, lost his life in a peculiar manner.

He had been cutting grass as when the machine came to an abrupt stop, the result of striking the stump of an old tree, throwing him beneath the horses. The animals were startled and began running before he could get out of the mess.

The machine was dragged over his body, the knives mangle it in a horrible manner.

SAN JOSE, Oct. 17.—It is reported here on good authority that the Spring Valley Water Company is soon to undertake a work of gigantic proportions in the development of the natural water resources at the northern end of the county.

It is said to be the intention of the company to dam the outlet of the Arroyo Honda and convert the entire Calaveras Valley into a lake reservoir, wherein may be stored water sufficient to supply the needs of all the country surrounding San Francisco Bay.

The agents of the company have lately served notice upon all its tenants in the valley to vacate within sixty days.

The Spring Valley's holdings in the valley and adjoining country amount to 1,904 acres.

In order to guard against competition the company, it is said, has purchased outright the holdings of the syndicate which recently gained control of the Coyote watershed.

Recently the company bought the De Saisset property in Sunol for \$225,000. The Arroyo Honda flows into Alameda Creek and the Alameda traverses the Sunol Valley.

Property at Dumbarton Point, and Alviso has lately been taken at owners' figures and the Spring Valley now appears to have absolute control of the situation.

CONSTANTINOPLE, Oct. 17.—Turkish military authorities at Mitrovitz, Albania, have secured complete control of the situation there after capturing a chief of revolutionaries, who with his followers recently tore up the railroad between Mitrovitz and Vuchetina and announced his determination not to allow the newly appointed Russian Consul to take up his duties at the former place. The chief has been taken prisoner and is being escorted by Albanians at Mitrovitz and in its neighborhood have been dismantled and the Russian Consul will occupy his office shortly.

DEFaulter KILLS TWO NEW YORKERS

NEW YORK, Oct. 17.—William G. Turner today shot and killed Albert Hamilton of Pittsburg and W. J. Mallard, in the office of the law firm of Cantor & McIntyre, in Broad street, and then committed suicide.

Turner was at one time president and treasurer of the Climax Bottling Company, in which the other men were interested, and the three met today to effect a settlement growing out of an alleged settlement on the part of Turner.

During the conference, a heated discussion arose and Turner, drawing a revolver, killed Hamilton and Mallard, and then turning the weapon upon himself, committed suicide.

Turner came from Mount Vernon, New York.

MOUNT VERNON, N. Y., Oct. 17.—It is alleged that Turner was a defaulter in the sum of \$5,000 in his accounts. A member of the law firm in whose office the shooting occurred, said that after the three had been in conference Turner said:

"Well, here's a check for \$5,000." With that he put his hand in his pocket, flashed out a revolver and fired point blank at Mallard. Hamilton made a jump for Turner and grappled with him, but Turner succeeded in killing him. Before any one could get into the room, the murderer had killed himself. Another account said he called Mallard a vile name.

Turner had been told of what the experts had found in his accounts and was informed that he would have to settle or be prosecuted. Several conferences were held between the law firm and Turner, in which Mr. McIntyre, who is the ex-Assistant District Attorney, took an active part. Turner at last agreed to pay the money and a meeting was arranged in the lawyer's office last night. When Turner arrived last night, he asked for

BIG HAYWARDS RALLY TONIGHT

REPUBLICAN COUNTY CANDIDATES TO HAVE ROUSING RECEPTION DOWN TOWN.

The Republican county campaign is proceeding vigorously, and is everywhere bringing out Republican enthusiasm. At every point throughout the county the meetings have been well attended, and as the campaign grows warmer the attendance increases and the enthusiasm is more marked.

Tonight a great meeting will be held in Haywards. It will be the biggest rally held in that town during this campaign, and will cause an outpour of the reserve Republican strength. All the nominees on the Republican county ticket will be present, and there will be a display of fireworks. The Pardee Glee Club will sing campaign songs, while the candidates will mix with the voters.

This meeting at Haywards will practically close the series of meetings in the interior programmed for the campaign, but other special meetings will be called at the principal points. Dr. Pardee, the Republican candidate for Governor, will make a flying trip, turning the county in the closing days of the campaign, but the schedule of his itinerary has not yet been made out.

CITIZENS OF ALAMEDA WILL CHEER METCALF.

Congressman Metcalf will open his campaign in Alameda with a speech at Armory Hall tomorrow night. Colonel George Babcock will preside, and will introduce Mr. Metcalf in a rousing preliminary talk.

Mr. Metcalf's successful efforts to ensure the completion of the Tidal Canal have greatly enhanced his popularity in the Enchanted City and he will undoubtedly receive a most enthusiastic reception. The indications are that Mr. Metcalf will be given an ovation.

CRUEL TO HIS FATHER AND WENT TO JAIL.

A young man named R. T. Lyng appeared in the Police Court on charges of disturbing the peace and drunkenness. He was arrested by his father, John Lyng, of West Oakland. It was alleged that Lyng the younger came home under the influence of liquor and threatened to whip his father because the latter refused to give him money.

In defense of his actions Lyng Jr. said to the court: "My father has over \$3,000 that rightfully belongs to me, and when I wanted him to advance me some of the money he refused, and so I guess I made a rough house."

It developed that the statement of the young man was untrue. He had been given him some money under the condition that, if his actions warranted it, the father would be the custodian of the money. The son's associates and the father were not of the best, and accordingly the money reverted to the parent.

Judge Smith ordered the charge of drunkenness stricken from the calendar, and on the charge of disturbing the peace sent the young man to jail for thirty days.

SUES WATER COMPANY TO RECOVER DAMAGES.

S. L. Potter commenced suit yesterday against the Contra Costa Water Company to recover \$5,540 damages on account of the destruction by fire of his residence on Park street, near Central avenue, Alameda, on November 6, 1900. It is claimed that the loss of the dwelling was due to the fact that the fire hydrant at the corner of Park street and Central avenue was out of order and could not be utilized by the firemen. It is further claimed that, as the water company was being paid \$1 a month for the maintenance of the hydrant, it was its duty to keep the appliance in proper repair for the protection of the inhabitants of the city.

RUNAWAY BOY FOUND WALKING ON THE STREETS.

At an early hour yesterday morning Officer Ely found a 12-year-old boy, Louis Jerome, wandering about in the vicinity of Sixth and Webster streets. The boy could give no satisfactory excuse for his being on the streets at such an hour, and the officer took him to the City Prison, where Jerome will be held as a runaway until his relatives can be located.

MINSTRELS AT THE MACDONOUGH

WEST'S COMBINATION WILL GIVE AN EXCELLENT PERFORMANCE.

The "minstrel man" of today is not one of the "mokes" of our grandfathers' time.

He is an artist in his particular line and commands a salary of several hundred dollars.

He realizes that the public demands new and original songs and methods of fun making, and he must keep up with the times or else lose his popularity. In selecting the performers for a big minstrel company like the William H. West Big Minstrel Jubilee, which is conceded to be the finest organization of the kind, only those artists who are "head liners" or leaders in their respective branches of the profession are engaged.

Such men as Billy and Tom Moore, McMahon and King and Swift and Huber demand high salaries, but the management of the William H. West Big Minstrel Jubilee are wise men, and they realize that the artist above named please the public, and as it is their aim to give the theater goers the best minstrel show obtainable they have received a contract for this season.

The minstrels will be at the Macdonough tonight and tomorrow.

CATARH OF THE STOMACH.

A Pleasant, Simple, but Safe and Effective Cure for It.

Catarh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and vomiting, breathing, headaches, sickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition. The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily and thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanston the safe and best treatment is to use after each meal a tablet, composed of Diastase, Aspetic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. R. S. Workman, Chicago, Ill., writes: "Catarrh is a local condition resulting from neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, this producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but one day I was the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I can not find appropriate words to express my good feeling. I have found fresh appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, Catarrh of stomach, biliousness, sour stomach, heart burn and bloating after meals.

THE GUBERNATORIAL CONTEST.

As the campaign is nearing its close, it may fairly be presumed that all the issues worthy of moment have been presented, and the case of the respective candidates fully presented. There will be noorbacks and canards from now on, but they will be mostly diversions unworthy of serious consideration. The fair minded voter must pass judgment on the case as it is now presented.

What valid objection has thus far been presented against electing Dr. George C. Pardee Governor?

What substantial reason has been given for electing Franklin K. Lane? So far as the gubernatorial contest is concerned these two questions go to the heart of the whole matter. There are abundant reasons for Republican success in general, but separating the gubernatorial contest from the politics of the nation, what is there to warrant the candid vote in preferring Mr. Lane to Dr. Pardee? On the score of personal character there is nothing to be said, because both the candidates have lived clean lives and can show clean records. But this is not all.

Dr. Pardee is a man of broader experience and ripe culture. He is the more forceful man of the two. He has high ideals, and has definite aims that enforce attention and command respect. He represents the dominant political sentiment of the State, and is an exponent of its most progressive forces. He possesses marked executive ability, and his election means a State Administration of the highest and best type, one that will safeguard the State's interests and promote the peace and welfare of the whole people.

That Mr. Lane is amiable and well intentioned is not doubted, but he is hampered by the political and personal influences which have presented him as a candidate. His environment is reactionary, and his political tendencies mischievous. Do the best he can, he can not escape the pressure the forces which have combined for his advancement will bring to bear upon him. He has never exhibited great strength of character; his virtues are rather the negatives of a colorless temperament free from vicious inclinations. But he has never given any indication of a robust personality or a spirit that aggressively forces its way. Some of the best intentioned men in the world have made the worst failures in office. Softness of heart and malleability of mind proved their undoing.

Taking the issue in the aspect most favorable to Mr. Lane, the advantage is all on the side of Dr. Pardee. But there are broader and higher reasons for Dr. Pardee's success in this campaign. It not only concerns the proper administration of the affairs of the State, but it relates as well to the welfare of the nation. Dr. Pardee's defeat would be taken as a rebuke to the Republican party and as a slap at the National Administration. It would encourage the projected assaults on the protective tariff. It would in a sense mean the breaking down of the barriers which protect California's industries from destructive foreign competition. It would be a judgment of disapproval of the Government's Philippine policy.

It would be construed as a repudiation of President Roosevelt. From every point of view it appears to be a public duty to elect Dr. Pardee. And he will be elected.

ROOSEVELT'S GREAT VICTORY.

It seems that the President has at length succeeded in arranging for a settlement of the coal strike. This public service was not within the purview of his official duties, but he addressed himself to a solution of the difficulty with the same energy that is his dominant personal characteristic. He encountered many obstacles but he never lost his patience nor his confidence, and his influence has finally prevailed. The value of the service he has rendered can scarcely be estimated, but it is certain to be carried in the hearts of his countrymen. The workmen of the United States have cause to remember that the President is their friend, and the people at large will feel a greater confidence in his government and his patriotism.

JUDGE F. M. ANGELLOTTI.

John F. M. Angellotti, Republican nominee for Associate Justice of the supreme court, has been Superior Judge of Marin county for twelve years, and is a jurist of acknowledged ability and learning. He is a man of private life and of high character, and his associations are of the best. He has no connections that would interfere with his independence of mind, and his past record justifies the confidence that he cannot be swayed from the right by any interest. His name in Marin county, where he is best known, will be well high unanimous. The public man can scarcely receive a more testimonial of good character than this. Among lawyers Judge Angellotti's fitness for the Supreme bench is fully recognized.

A better qualified man for County Clerk than John P. Cook was never nominated in this county. His majorities are large, as his merits warrant.

HON. ALDEN ANDERSON.

No Republican should fail to vote for Hon. Alden Anderson, Republican nominee for Lieutenant Governor. He is a true Republican and a worthy running mate of Dr. Pardee.

Mr. Anderson has had much experience in public life, and has always met the expectations of his constituents.

As Lieutenant Governor it will be his duty to preside over the deliberations of the Senate. His extended legislative experience fits him to do this in the most satisfactory manner. He served three terms in the Legislature, and was Speaker of the Assembly during one session. He is able and a good Parliamentarian, and will preside over the Senate with dignity and fairness.

THIRD WARD LOYAL TO REPUBLICANISM

GRAND OLD PARTY'S REPRESENTATIVES RECEIVE AN OVATION.

The Republican County candidates were given a rousing welcome by the voters of the Third ward last night at Laundry Hall, corner of Kirkham and Fourteenth streets.

The enthusiasm was spontaneous. The large audience was attentive and every mention of the name of Dr. George C. Pardee was a signal for an outburst of cheering. The enthusiasm was so great that many times the speaker, after mentioning the standard bearer by name was unable to complete his sentence because of the applause.

The features of the evening were the singing of the Third ward Glee Club and the playing of Scott's brass band. Chairman Clarence Crowell of the Republican County Central Committee opened the meeting and introduced Councilman Fitzgerald as the chairman of the evening.

S. P. HALL. Superior Judge S. P. Hall was the first speaker called upon. He thanked the citizens of the Third ward for their past favors and warmly commended his associates, Judges Melvin and Greene to the voters of the community.

ALLEN G. CLARKE. Allen G. Clarke of Berkeley was the next speaker introduced. He spoke as follows:

"I am glad to be here in the home town of the man who will shortly leave us for Sacramento. His title is now Dr. George C. Pardee. In about thirty days it will be Governor Pardee. And he will be elected to that position by the largest majority ever given to any man elected to public office in California. (Applause.)

"I would briefly call to your attention

tion a great many political organizations which have come and gone during the last thirty years. Heretofore the questions which have come up for settlement have not been difficult of solution. The Populist party, the Prohibition, the Free Silver Republicans, the Free Silver Democracy have disappeared. There is another question which has arisen, which, I think, is the greatest of them all. It is the Labor party. It is a human question and the one which should engage the attention of every thoughtful man. That it will be settled, I have no doubt. There is a man in Washington, who is big enough and great enough to settle the question. He is settling it now.

"The question is principally a matter of wages, hours and a chance to work.

"Let me ask you, if not the Republican party, has given the American workman a chance to do a day's work at good wages?

"Democracy has made a miserable failure of the two times it has held the reins of government and I believe the American workman is intelligent enough never again to put into power a party who has for its avowed purpose the destruction of the protective tariff which prevents foreign and cheap competition."

JOHN J. ALLEN. District Attorney John J. Allen was next introduced. His speech was vigorously applauded. He said in part:

"As we are now the country unquestionably has prospered and conditions about it. Many of us believe that the Republican party is largely responsible for the good results which we now enjoy. Results, and not theories are the things wanted by the American people. The Democrats promised you prosperity and you got national calamity as a result. Under the same promise the Republican party took up the reins of government with the result that in less than two years we had unexampled prosperity.

"If results are not an unanswerable argument then I do not know the value of logic.

"I believe that the voters of the community are jealous enough to vote the straight Republican ticket.

"I wish especially to commend to the voters the candidates before you. The county is to the State what the State is to the nation. We can no more afford to let Alameda swing out of the Republican party than we can allow California to repudiate McKinley and his glorious administration and his worthy successor, the broad-minded patriotic Roosevelt.

"I believe the voters of this community can be depended on to keep the county in line with the State."

W. H. L. HYNES. Attorney W. H. L. Hynes was the next speaker introduced. He made an eloquent address. He said:

"Tonight we are here to discuss questions which are of vital interest to the community. The first thing which any voter should look to is his own pocket and interest. There are very few people today who dispute that protection means the prosperity of the Nation and that free trade means stagnation. Without dwelling upon this fact too long, for it is an accepted fact, I wish to speak of the election of State officers and the effect upon national issues.

"The Democratic spell-binders are shouting loudly that national issues have no place in this State campaign. A Democratic Governor in the chair at Sacramento may have the power to determine the protective tariff. Take for instance, the unhoped for condition of one of the seats in the National Senate being vacant owing to the death of one of the incumbents. The duty of upholding his successor would then devolve upon the Democratic Governor. He certainly would choose a man from his party, which would mean the loss of California would be cast against protection, that principle that makes it possible for a white man to obtain a white man's wages.

"Party loyalty should be strong enough to overcome personal preferences. The loyalty to party means much. In this campaign it means the continuation of prosperity and protection, two words which have come to be synonymous in American politics. "No workman who has the welfare of himself, wife and his children at heart could wish to return to the time when Democracy was in power. The way to prevent that is to be true to the party which has given you both prosperity and protection."

Just a word as to the trusts. Every regulation which has been devised to restrain them has been the work of the Republicans. Judging from the fact the Hercules task of curbing them will still be the duty of the Republicans. You cannot trust the question to any other party, as they have never shown an aptitude for the handling of large questions. In ten days President Roosevelt has done more to curb the trusts than the Democrats have done in ten years."

JOHN W. MOTT. John W. Mott, candidate for the Assembly, was then introduced. He was given an enthusiastic reception. He promised to vote first, last and all the time for George C. Pardee and to succeed himself as United States Senator.

SENATOR LEAVITT. Senator Frank Leavitt was the next speaker. He was given an enthusiastic reception. He said:

"I believe the greatest question which is an issue in this campaign is the Labor question. The Republican convention, which met in San Francisco last night, has placed a plank in favor of the eight-hour law. I want to see how the Democrats will stand there."

I would have been for it anyway. "There is no question where the Republican party stands. President Roosevelt has demonstrated where he stood. Every Republican can well follow his lead. The Republicans have no apologies to make for their record. It is the only record on the trust question. When the Republican party is your friend, it is your friend. It has demonstrated that it is the friend of labor, and I expect the working men to show that they realize that fact by electing the ticket from George C. Pardee to Constable Weidner."

JUDGE STETSON. Judge Stetson was then introduced and addressed the audience briefly. He called attention to the merits of Justice of the Peace Quinn and Police Judge Mortimer Smith. He requested that the voters support the entire ticket.

B. C. CAVELLIER. B. C. Cavellier was then introduced. He said:

"I am here to show you by my presence that I am for the Republican ticket. I am going to vote it straight from top to bottom. It is a good ticket, and one every man ought to be proud to vote for. It is to the interest of every workman here to vote for Pardee and the entire ticket."

The candidates and speakers who occupied the platform were: Frank C. Jordan, Harry W. Lynch, Arthur Fielder, W. H. L. Hynes, Judge S. P. Hall, Judge W. E. Greene, Senator Frank Leavitt, Sheriff Oscar L. Rogers, District Attorney John J. Allen, John W. Mott, Tax Collector Barber, Allen G. Clarke, Robert Craig, Jack P. Cook, Judge J. W. Stetson, Judge Quinn, Supervisor John Mitchell, E. C. Prather, County Auditor J. Cal Ewing, Mr. Fitzgerald, B. C. Cavellier and Clarence Crowell.

MISS VIRGINIA GRANES

Graduate Nurse, and President of Nurses' Association of Watertown, N.Y.,

Tells How Much Doctors Use Lydia E. Pinkham's Vegetable Compound:

Has Yet To Hear of Its Failure To Cure.

It is not infrequent that information comes to our attention proving that the medical profession in general prescribe large quantities of Lydia E. Pinkham's Vegetable Compound in their private practice.

It is a fact beyond dispute that nowhere is to be found a remedy so universally successful in curing female ills, and the broad-minded physician of to-day is quick to recognize his duty to his patient, and does not hesitate to prescribe the best medicine he can find,—the medicine that is surest and quickest to bring relief to his patient; for this very reason thousands of the very best physicians are prescribing in their treatment of female ills Lydia E. Pinkham's Vegetable Compound, while not in the original bottles perhaps, but in plain prescription bottles with their own or druggists' name.

It is our pleasure and our privilege to publish a letter from a graduate nurse whose reputation and prominence in her profession lends much weight to her opinions, and whose testimony goes to prove our statements in regard to the high esteem in which Lydia E. Pinkham's Vegetable Compound is held by our leading physicians and trained nurses.

MISS VIRGINIA GRANES.

"DEAR MRS. PINKHAM:—Twelve years continuous service at the sick beds in some of our prominent hospitals, as well as at private homes, has given me varied experiences with the diseases of women. I have nursed some most distressing cases of inflammation and ulceration of the ovaries and womb. I have known that doctors used Lydia E. Pinkham's Vegetable Compound when everything else failed with their patients. I have advised my patients and friends to use it, and have yet to hear of its first failure to cure.

"Four years ago I had falling of the womb from straining in lifting a heavy patient, and knowing of the value of your Compound I began to use it at once, and in six weeks I was well once more, and have had no trouble since. I am most pleased to have had an opportunity to say a few words in praise of your Vegetable Compound, and shall take every occasion to recommend it."—MISS VIRGINIA GRANES, 444 So. Spring St., Los Angeles, Cal. [Present address.]

Be it, therefore, believed by all women who are ill that Lydia E. Pinkham's Vegetable Compound is the medicine they should take. It has stood the test of time, and it has hundreds of thousands of cures to its credit. It should, therefore, be considered unwise to experiment further.

Mrs. Pinkham, whose address is Lynn, Mass., will answer cheerfully and without cost all letters addressed to her by sick women.

REWARD: We have offered with the National City Bank of Lynn, good money, to any person who can find that the above testimonial letter is not genuine, or was published before obtaining the writer's special permission. Lydia E. Pinkham, Medford, Mass., Lynn, Mass.
